

## Left Handlebar Controls

### Headlight Dimmer Switch (2)

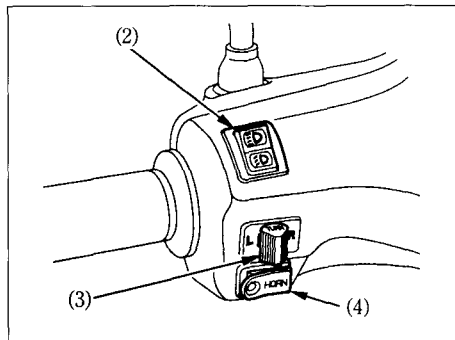

Move the headlight dimmer switch to ☰▷ (Hi) to select high beam to ☷▷ (Lo) to select low beam.

### Turn Signal Switch (3)

Move to L to signal a left turn, R to signal a right turn. Remember to return the switch to the center (off) after completing your turn or lane change.

### Horn Button (4)

Press the button to sound the horn.
