

## ■ MAINTENANCE SCHEDULE

The month and mileage intervals shown in the service schedule are intended as a guide for establishing regular maintenance and lubrication periods for your HONDA CB750. Perform maintenance service according to the indicated intervals, of months or miles whichever occurs first. For each service operation make reference to the respective page indicated in this MAINTENANCE SCHEDULE. Sustained severe or high speed operation under adverse conditions may necessitate more frequent servicing. To determine specific recommendations for conditions under which you use your motorcycle, consult your authorized HONDA Dealer. Especial-

ly when your HONDA CB750 has been overturned or involved in a collision, have your HONDA dealer carefully inspected the major components e.g. frame, suspension and steering parts, for misalignment or damage to ensure further safe operation.

**CAUTION:** To maintain the safety and reliability of your HONDA motorcycle do not modify the motorcycle and use only genuine HONDA parts or their equivalent when servicing or repairing.

The use of other replacement parts which are not of equivalent quality may impair the operation of your motorcycle.

**WARNING:** To prevent personal injury, always make certain the engine is stopped and the motorcycle is supported securely on a level surface prior to performing any maintenance.
