

Tyres & Tubes

Tyre Replacement

The tyres that came on your CRF were designed to provide a good combination of handling, braking, durability, and comfort across a broad range of riding conditions.

⚠ WARNING

Installing improper tyres on your motorcycle can affect handling and stability. This can cause a crash in which you can be seriously hurt or killed.

Always use the size and type of tyres recommended in this owner's manual.

U, CM, IICM type:

Front	80/100 – 21 51M	
	DUNLOP	D742FA
Rear	110/90 – 19 62M	
	DUNLOP	D756
Type	bias-ply, tube	

ED, DE type:

Front	80/100 – 21 M/C 51R MST	
	PIRELLI	MT32A
Rear	110/90 – 19 NHS	
	PIRELLI	MT32
Type	bias-ply, tube	

- Use a replacement tyre equivalent to the original.
- Replace the tube any time you replace a tyre. The old tube will probably be stretched and, if installed in a new tyre, could fail.
