

Fuel Filler Cap

When refueling, open the top compartment with the ignition key and then turn the fuel filler cap  counterclockwise.

WARNING:

- *Gasoline is extremely flammable and is explosive under certain conditions. Refuel in a well ventilated area with engine stopped. Do not smoke or allow open flames or sparks in the area where the motorcycle is refueled or where gasoline is stored.*
- *Do not overfill the tank (there should be no fuel in the filler neck). After refueling, make sure the filler cap is closed securely and the top compartment cover is locked.*
- *Gasoline is harmful or FATAL if swallowed. Avoid repeated or prolonged contact with skin or breathing of vapor. If gasoline is swallowed, do not induce vomiting. Call a physician immediately. KEEP OUT OF REACH OF CHILDREN.*

- *If the filler cap is replaced, use only a genuine Honda replacement part or its equivalent. Failure to use the proper part may cause a serious malfunction.*
