

Nails, Rocks and Other Sharp Objects

Check the tyre tread and sidewalls for nails, rocks, or other sharp objects (1).

⚠ WARNING

- * Nails, rocks or other sharp objects may cause a puncture that could result in a loss of vehicle control.

(1) Nails, rocks or other sharp objects

Tread Depth

Inspect the wear indicator (1) to check for insufficient tread depth. If the wear indicator is visible, the tyre should be replaced.

⚠ WARNING

- * Operation with excessively worn tyre is hazardous and will adversely affect traction and handling.
