

ENGINE OIL

Oil Filler Cap/Dipstick

The oil filler cap/dipstick (Fig. 2-24), on the right crankcase cover, is used to measure the oil level. The oil should be checked each day before operating the TRX300 and maintained between the upper level mark (2) and the lower level mark (3).

For oil recommendations and instructions on checking, adding and changing oil, see pages 102–106.

While reading this manual, remember:

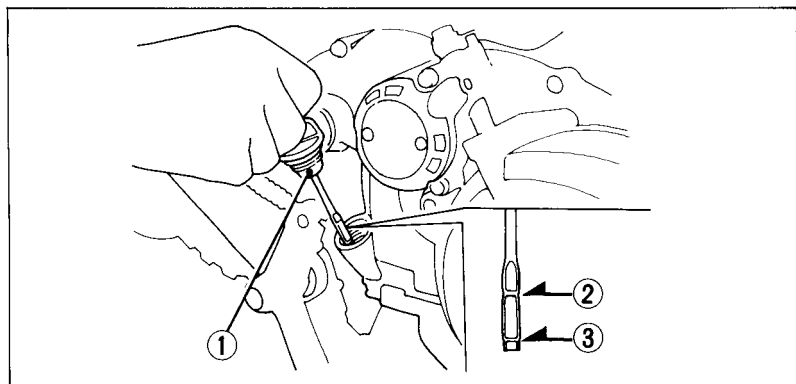

Fig. 2-24

(1) Oil filler cap/dipstick

(2) Upper level mark

(3) Lower level mark

▲WARNING

Indicates a strong possibility that serious injury or death may result if instructions are not followed.
