

Owner's Manual Storage

Your motorcycle provides storage for the owner's manual so you'll have it with you for easy reference. Store your owner's manual (and other documents) in the plastic storage bag (1) in the storage compartment (2) (page 72) behind the left side cover (page 73).

Be careful not to flood this area when washing your motorcycle.

LEFT SIDE

- (1) plastic storage bag
- (2) storage compartment
