

Follow these guidelines whenever you carry a passenger or cargo:

- **Check that both tyres are properly inflated.**
- **If you change your normal load, you may need to adjust the front suspension (page 21) and the rear suspension (page 24).**
- **To prevent loose items from creating a hazard, make sure that all cargo is securely tied down before you ride away.**
- **Place cargo weight as close to the center of the motorcycle as possible.**
- **Balance cargo weight evenly on both sides.**
