

## Document Bag and Tool Kit

The document bag and tool kit are stored in the tool box located on the left side of the vehicle.

### Open

Insert the ignition key and turn it clockwise to open the tool box.

### Close

Close the tool box and push the lock positions until it is firmly closed. Remove the ignition key.

- ▶ Make sure the tool box is closed before riding.
- ▶ As shown in the illustration, wrap the tool kit with a sponge and store it in the tool box.
