[Inquiry]

4 Select [Inquiry], and then press ⊚ or ENT switch.
▶The system waits for a response from a target device.
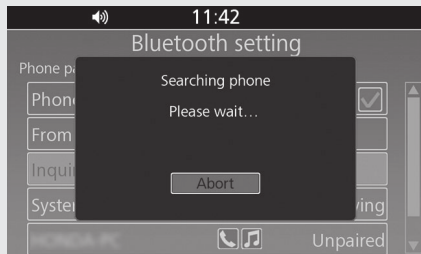

5 The names of the devices detected are displayed on the background screen. Press ⊚ or ENT switch to exit the search mode.
▶If many *Bluetooth*® devices are detected, the target device may be detected under the list, so exit the search screen and scroll down the list.

6 Select a target device name, and then press ⊚ or ENT switch.

7 When a request message appears on the target device, tap "Pair."

8 When the pairing is complete, a message to inform you that pairing was successful appears on the screen. Press ⊚ or ENT switch.

9 ⁕ (*Bluetooth*® icon) and ▤ (device icon) appear on the screen, and icons of available functions next to the name of the device turn on.
