

Basic maintenance

Before riding off-road, check all of the points above, as well as the following:

- Make sure the spokes are tight. Check the rims for damage. 2 P. 72
- Make sure the fuel filler cap is tight. 2 P. 31
- Check for loose cables or other parts and anything else that seems out of the ordinary.
- Use a key to check that all the accessible nuts, bolts and fasteners are tight.

Part replacement

Always use original Montesa parts or their equivalents to ensure the reliability and safety of the vehicle.

2 WARNING

The installation of parts other than Montesa parts may render you motorcycle unsafe and cause an accident in which you may be seriously injured or even killed.

Always use original Montesa parts or equivalents that have been designed and approved for your motorcycle.
