

Driving Guidelines

Control Speed

Driving at excessive speed for the terrain or other conditions increases the chance of a crash. Always reduce speed when driving on hilly terrain, or when carrying cargo or towing a trailer.

Use Extra Care on Unfamiliar Terrain

When driving in a new area, keep your speed low and check the terrain ahead for possible problems, such as large rocks, bumps, holes, or drop-offs. Don't drive fast on unfamiliar terrain or when visibility is limited. If you drive in an area with other vehicles, be sure to keep a safe distance to avoid a collision.

Do Not Perform Stunts

Keep all four wheels on the ground at all times. Showing off or attempting to perform stunts could lead to a crash in which the driver, a passenger, or others could be seriously hurt or killed.
