

## Appearance Care

---

7. As a precaution, drive your Honda SXS at a slow speed and apply the brakes several times. This will help dry the brakes and restore normal braking performance.

(SXS1000M3L/M5D/M5L)

The headlights' inside lens may fog temporarily after washing or while riding in the rain. This does not impact the headlight function.

However, if you see a large amount of water or ice accumulated inside the lens(es), have your vehicle inspected by your dealer.

(SXS1000M3/M3P/M5P)

The headlights' inside lens may fog temporarily after washing or while riding in the rain. This does not impact the headlight function.

Any condensation inside the headlight should dissipate after a few minutes of running the engine with the headlight(s) on. However, if you see a large amount of water or ice accumulated inside the lens(es), have your vehicle inspected by your dealer.
