Storing

- 1. Park your Honda SXS on a firm, level surface, and roll up the rear side nets (page 62).
- 2. Open the rear door (page 54).
- 3. Fold up the lower seat back and hook the strap ring to the stay. Be sure the seat belt buckles are lowered.
- 4. Pull the handle up and flip the seat back forward.
- 5. While pushing down on the rear seat, close the rear door.
