## **Transporting Your Honda**

Do not tow your Honda SXS behind a car or other vehicle.

## Follow these procedures:

- 1. Shift the shift select lever into the park (P) position.
- 2. Secure the vehicle with tie-down straps in the areas shown.
  - Suitable tie-down straps are available from your dealer.
  - Ordinary rope is not recommended because it can stretch under load.
  - Using tie-down straps in any other areas can damage your Honda SXS.
- 3. Rock the vehicle back and forth to make sure the tie-down straps are tight and the vehicle is secure.
