

Indicators & Displays

Digital clock

The digital clock shows the hour and minutes with the 12-hour clock display.

To set the time:

1. Turn the ignition switch to ON (q).
2. Press and hold the mode switch in the clock mode. The clock will start blinking.
3. Press and hold the mode switch until the desired time appears.
4. To complete setting the clock, press the mode switch, or turn the ignition switch OFF.
