

Controls & Features

Parking Brake

LEFT HANDLEBAR

The lock lever (1) on the rear brake lever/parking brake lever (2) allows it to be used as a parking brake. To operate, first squeeze the rear brake lever/parking brake lever using your left hand and then lock it with the lock lever using your right hand. See *Parking* page 99 .

The brake lights are activated by applying the parking brake. When using the parking brake, be sure to turn the ignition switch OFF (○) to avoid discharging the battery.
