

Gauges, Indicators & Displays

6. To set the minute, push the odometer/tripmeter/digital clock select and reset button until the desired minute is displayed. The minute display will return to “00” when “60” is reached without affecting the hour display.
- The time advances by one minute, each time the button is pushed.

7. To end the adjustment, push and hold the odometer/tripmeter/digital clock select and reset button for more than 2 seconds or turn the ignition switch OFF. The display will stop flashing automatically and the adjustment will be cancelled if the button is not pressed for about 30 seconds.
