

**Inspecting for Abnormal Wear**

Inspect the tires for signs of abnormal wear on the contact surface.

**Inspecting Tread Depth**

Inspect the tread wear indicators. If they become visible, replace the tires immediately. For safe riding, you should replace the tires when the minimum tread depth is reached.

**3 WARNING**

Riding on tires that are excessively worn or improperly inflated can cause a crash in which you can be seriously hurt or killed.

Follow all instructions in this owner's manual regarding tire inflation and maintenance.
