

**CAUTION**

- Support the removed caliper with a piece of wire so that it does not hang from the brake hose. Do not twist the brake hose.

**NOTE**

- Do not squeeze the brake lever when the caliper is removed, or it will be difficult to refit the disc between the brake pads.
- Before removing the fork, loosen the fork cap but do not remove it.

**Requisite Service**

- Front wheel removal/installation (page 10-4)

Procedure		Q'ty	Remarks
